# Why MICE 2 Shanghai

**Shanghai** once attracted foreigners with its perfect combination of tradition and sophistication. Now, Shanghai is reawakening a wider world. In many ways, Shanghai is a Western invention. The Bund, its riverside area, and Frenchtown are the best places to see the remnants of its decadent colonial past. We can also move eyes to temples, gardens, bazaars and the striking architecture of the new Shanghai. It is a very modern city and there's convenient public transportation. You can travel around by bus, light rail and maglev. There are also two international airports- Hongqiao & Pudong airport.
